At the meeting of the Grain Dealers' association yester-day afternoon it was occided that condiin the figures, as the wheat is moving in very slowly and the millers have not suf-

ficient to allow them to lower the price of flour.

Great quantities of wheat are being shipped to the coast. Hitherto the dry farms were the only ones that have had suificient wheat to ship, and the dry wheat is much in demand by the Callfornia millers to mix with the native product, as there is not enough gluten in the latter to make good flour. This fact also helps to keep up the price of wheat locally. The local millers claim that this is a reason why the freight rate west should be raised, as it makes the people bay too much for flour and bread. As a matter of fact, the bokers say they have to use Eastern flour for their best kinds of bread, anyway. When the irrigated farms are ready to ship their wheat into the city the price will be lower.

Eggs continue to be scarce. Some dealers were paying as much as \$1.75 a case at the beginning of the week, but the price generally quoted now is \$5.25. It is expected that this will be soon abated. KANSAS CITY.

SIMPLE REMEDY FOR CATARRIL.

Just Breathe Hyomei Four Times Day and Be Cured.

If a few years ago some one had said you can cure estarth by breathing air charged with a bealing balsam, the idea would have been ridiculed, and it remained for that eminent investigator. R. T. Booth, to discover in Hyomet this

recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00, and consists of an inhaler, a machine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and
